A few weeks ago, we published an infographic that illustrates the STEM Problem: there are more and more STEM jobs out there, but fewer and fewer candidates who are qualified to fill them. But, taking a look at the job market shows that employers need more than employees who simply understand science, technology, engineering or math.

## **Competing for the Future: Developing a Life-Long Interest**

Parents often buy cool robot toys for their children with the hopes that it will spark an interest in science and engineering. I know because I was one of them.
