Contemporary philosophy is the present period in the history of Western philosophy beginning at the early 20th century with the increasing professionalization of the discipline and the rise of analytic and continental philosophy.. The phrase "contemporary philosophy" is a piece of technical terminology in philosophy that refers to a specific period in the history of Western philosophy (namely ...

Contemporary art is the art of today, produced in the second half of the 20th century or in the 21st century. Contemporary artists work in a globally influenced, culturally diverse, and technologically advancing world. Their art is a dynamic combination of materials, methods, concepts, and subjects that continue the challenging of boundaries that was already well underway in the 20th century.

I purchased this book on the Kindle only to find that they omitted all the supplemental material from the CD-ROM. I contacted the publisher to see if they would fix this or at least send me the supplemental material on PDF so I could send it to my Kindle manually, and the publisher has not replied (this was months ago).
