The economy of Mexico is the 15th largest in the world in nominal terms and the 11th largest by purchasing power parity, according to the International Monetary Fund. Since the 1994 crisis, administrations have improved the country's macroeconomic fundamentals. Mexico was not significantly influenced by the 2002 South American crisis, and maintained positive, although low, rates of growth after ...

This is because many languages simply borrow English words and integrate them into the new language with altered pronunciation or stress. So to make my life easy when I start learning a language, one of the first word lists I try to consume is a list of –œcognates,–• or –œEnglish loan words,–• which can be found quickly for pretty much any language.
