Debate is a process that involves formal discussion on a particular topic. In a debate, opposing arguments are put forward to argue for opposing viewpoints. Debate occurs in public meetings, academic institutions, and legislative assemblies. It is a formal type of discussion, often with a moderator and an audience, in addition to the debate participants.

It has also been shown that levels of political support and charitable donations are affected by what the recipient wears. It makes sense, therefore, to assume that style of dress might influence patient-pharmacist relationships as well as how relationships with other health care professionals are formed, and this leads to the question: what should pharmacists wear in order to be positively ...
