Python Programming: An Introduction to Computer Science by John M. Zelle, Ph.D. I have written an introductory CS textbook using Python. It is published by Franklin, Beedle & Associates. If you are interested in reviewing or adopting this textbook, contact Tom Sumner at FBA. Instructor resources including problem solutions and exam questions are available from the publisher.

## **Python Programming: An Introduction to Computer Science**

This lecture covers the use of iteration to build programs whose execution time depends upon the size of inputs. It also introduces search problems and brute force and bisection for solving them.
